April Fools 2009

April 15th Meeting 11:30pm at HOOTERS

C's Club Reorganizational Meeting

The first meeting of the reorganized 5 C's club took place on Wednesday April 1st. Although only a small number of people were in attendance (possibly because someone forgot to announce it at the last meeting or put it in the newsletter) everyone thought the meeting went well, with three major goals achieved. First, the name changed to Central California Classic Choppers Club due to lack of interest in vintage bikes and most of the newer members riding choppers.

Second, the change in leadership needed to steer the club in the new direction. Many thanks to Roland, Bob, T.J. and the others who have guided the group in the past, but the new highly paid officers will supply the wisdom and energy to lead C's into the future: the high-energy world of choppers!!! The new club will be for guys (and gals) with chest hair and a 5 o'clock shadow by 3:30!! No Nancy-boy amenities like GPS, on-board stereo or heated grips will be allowed. The club is for rugged individualists and we will have a committee to tell us how to dress to look the part!! Our guys will be from the planet Kickass, with interests like kickboxing, mosh-pit diving, base jumping and jumping out of a plane without a parachute!!

Elected Chairman of the club was Marshall Arts, who you may remember as the guy who works at the Fresno airport, kick starting 747's. Elected treasurer is the well-known intellectual and tattoo artist Ruth Less. Vice-Chairman (Chairman in charge of vice) will be Lance Boyle, and Sergeant at Arms will be the slightly aggressive Warren Peace. Road captain will be the provocative Willie Ride, assisted by his accomplices I mean colleagues Less Paine and Neil Down. Secretary will be, the always sharp Barb Dwyer. In charge of the sag wagon on club rides will be Justin Case. A standing committee composed of Hye Price, Linn C. Doyle, Matt Tress, Pearl E. Gates and Stan Still will advise the officers. In case of problems making decisions, another committee will be formed to advise the first committee. The first long ride will be Saturday, April 4th to Sheri's Roadhouse, if the sun is out. Later rides will be to the Dam Diner and possibly a ride to the Casino, lead by Chuck Chancey. Let's look forward to riding hundreds of miles this year..... if the weather is good!!!!

Local Motorcycle Dealer Faces I.R.S. Problems

A well-known local bike shop owner was recently grilled by IRS agents about possible discrepancies in reported income, employee deductions, and hours and pay of employees. After he provided proof of taxes, hours, wages and deductions, they still didn't believe he ran the shop with so few employees. "Are you sure no one else works here?" they asked. "Well, I do have a half-wit that comes in and does cleanup. He does the dirty jobs that the other guys won't touch. And he often comes in early and works late and fixes the jobs the other guys mess up. He doesn't get any breaks or have a real lunch hour like the others, and has no fixed salary. Sometimes he makes no money. Sometimes he gets a bottle of liquor after work on Friday.

"That's the one we need to talk to", roared the agents! "Bring him out!!"

"You're talking to him!" replied the owner!! (Front cover photo - Big Red Ken Davis)
